

PURAPIETRA

STONE GIN

by PURAPIETRA

PREMIUM ITALIAN GIN

Carved in Tradition

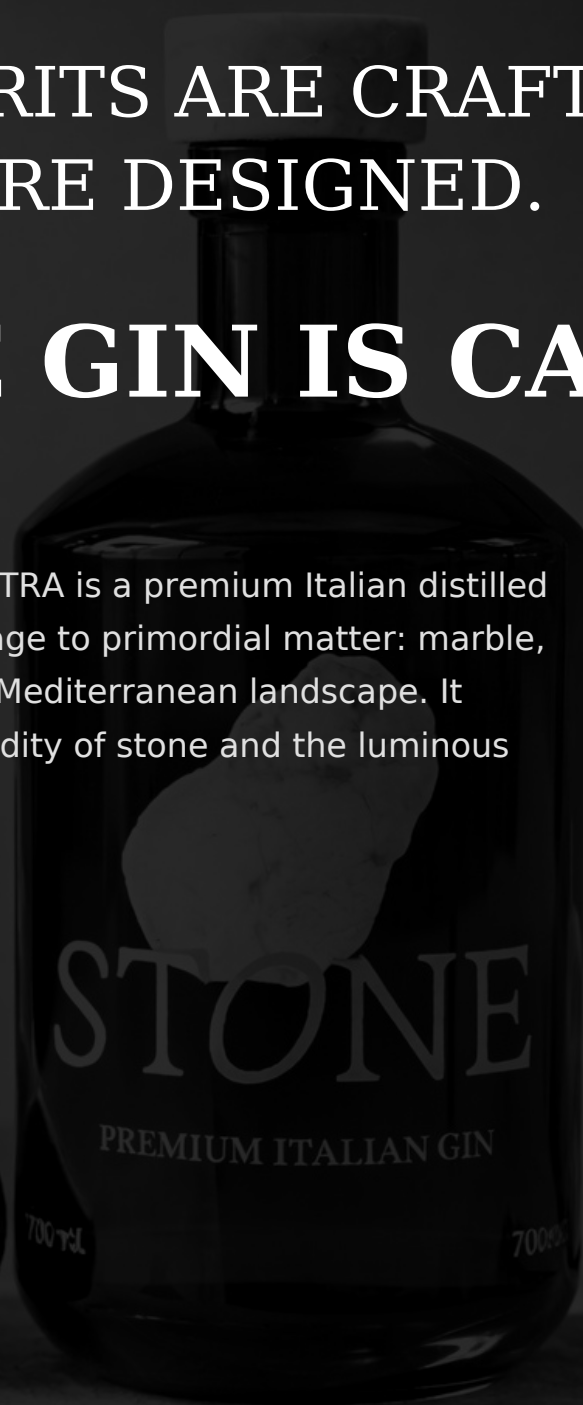

A liquid design object born from Italian stone culture.

SOME SPIRITS ARE CRAFTED.
OTHERS ARE DESIGNED.

STONE GIN IS CARVED.

STONE GIN by PURAPIETRA is a premium Italian distilled gin created as an homage to primordial matter: marble, mineral purity and the Mediterranean landscape. It brings together the solidity of stone and the luminous freshness of citrus.

Designed for design lovers, hospitality rituals and collectors of beautiful objects.

BORN IN THE PRESENCE OF STONE

Carrara marble quarries, Italy

The bottle has been photographed in the Carrara marble quarries, a landscape where mountains become architecture. This is not a decorative reference: it is the cultural origin of the brand, the meeting point between natural stone, Italian craft and contemporary design.

Powerful. Pure. Timeless.

THE BOTANICAL ARCHITECTURE

Nine botanicals. One harmonious design.

JUNIPER

Umbrian and Tuscan juniper create the balsamic backbone of the gin.

POMPIA

A rare citrus note bringing Mediterranean brightness and identity.

CITRUS

Sweet orange, bitter orange, mandarin and bergamot form a luminous citrus architecture.

DEPTH

Orange blossom, cardamom, coriander and angelica add elegance, spice and earthy structure.

FINAL TOUCH

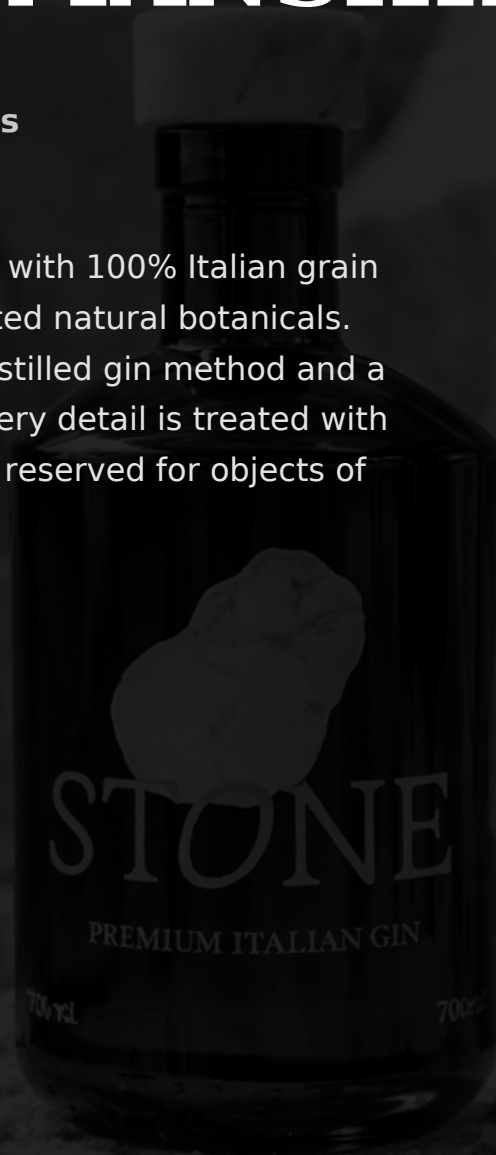

A light note of chilli pepper extends the finish without dominating the balance.

ITALIAN CRAFTSMANSHIP

Distilled in small batches

STONE GIN is made in Italy with 100% Italian grain alcohol and carefully selected natural botanicals. The production follows a distilled gin method and a small-batch philosophy: every detail is treated with the same attention usually reserved for objects of design.

- Made in Italy
- Distilled Gin
- Small batch production
- Natural ingredients
- No shortcuts. Only quality, time and passion.

PURITY AND PROFILE

PURE WATER

Fixed residue
12 mg/l

Osmotised and dynamized water for a clean palate and a precise aromatic definition.

SENSORIAL PROFILE

Nose Fresh and citrusy.

Palate Harmonious and spicy.

Finish Long, dry and vibrant.

THE RITUAL

Mediterranean Gin & Tonic

Best served with neutral or citrus tonic.
Garnish with bergamot peel or bitter orange
to enhance the citrus symphony without
covering the balsamic juniper base.

THE MARBLE CAP

A signature detail by PURAPIETRA.

The natural marble cap transforms the bottle into a tactile object. It connects the ritual of drinking to the material culture of PURAPIETRA: rare stone, hand-finished detail and Italian identity.

Available as a premium edition with natural marble cap, or as a classic edition without marble cap.
